

## Women Entrepreneurs Quest (WEQ) 2016

WEQ is a popular business plan contest designed to encourage, promote and showcase technology start-ups, founded by women entrepreneurs in India. The prime idea of this program is to strengthen and build a dynamic and supportive entrepreneurial ecosystem for women entrepreneurs with technical ventures in India and to create impact.

The Top 10 winners were selected from 257 applications received from across India. The applicants were evaluated on their product and business model.
