

IUSSTF-VITERBI PROGRAM (Research Internship 2023)

The Indo-US Science and Technology Forum (IUSSTF) and The Viterbi School of Engineering, University of Southern California (USC) have partnered to support the IUSSTF-Viterbi Program. **This program provides opportunities to Indian students to undertake research internship at the Viterbi School of Engineering in summer 2023 for a period of 8 weeks.**

The IUSSTF-Viterbi Program is envisaged to:

- Provide an opportunity to the best and brightest Indian students to gain exposure and access to world class research facilities in the Viterbi School.
- Promote research and capacity building in front line areas of engineering and technology.
- Encourage outstanding students to take up research as career.
- Pave the way for the next generation engineers from India to interact with American peers, thus help building long-term R&D linkages and collaborations.

Eligibility:

- Indian students currently pursuing a Bachelors or Masters degree at recognized institutions of higher education in India.
- Open to students of Electrical Engineering, Electronics & Communication Engineering, Computer Sciences and Computational Sciences.

Scholarship includes:

- Airfare
- Stipend
(to cover contingencies including network access, equipments, computing facilities etc)

At this time, it is planned to implement the 2023 program as an in-person internship. However, depending on travel restrictions, IUSSTF and USC may convert the program to a virtual internship.
